

Strategic Priorities at Wabash College

January 2014-Present
Updated Fall 2022

Our Mission:

Wabash College educates men to think critically act responsibly lead effectively and live humanely

Our Core Values:

A rigorous liberal arts education that fosters

- An appreciation for the intellectual and physical aspects of a good life
- An understanding of and appreciation for other cultures

A personal context to teaching and learning that encourages

- Candid respectful face to face conversations
- Freedom of thought
- A local scholarly community that creates lifelong relationships

Individual responsibility and trust that are

- Based on moral and ethical awareness
- Expressed in the Gentleman's Rule
- Required for leadership and teamwork

A socially, economically, and ethnically diverse student body characterized by

- A dedication to the serious pursuit of learning
- A culture of competition without malice
- A few years of residence a lifetime of loyalty

A tradition and philosophy of independence that

- Keeps the College from external control
- Allows the Wabash community to shape significantly its own destiny
- Promotes independence and self reliance in its students and graduates

Strategic Priorities to Achieve the Vision

1. Demonstrate and articulate the value of a Wabash Liberal Arts education

- a. Lead the conversation on the value of the liberal arts at Wabash College
- b. Lead the dialogue on the challenges and opportunities of educating young men
- c. Articulate the value and importance of immersion learning, student-faculty research, scholarship, and creative work, and the strength of career preparation at Wabash
- d. Use the Center of Inquiry in the Liberal Arts and Higher Education Data Sharing Consortium to connect assessment data with pedagogical best practices and with student outcomes

2. Extend the academic and geographic footprint of the College

- a. Develop interdisciplinary institutes (e.g., democracy, entrepreneurship, creativity), and create interdisciplinary programs in business, PPE, and digital arts
- b. Expand opportunities for students to have immersive learning experiences
- c. Extend the recruiting pipeline
- d. Develop a data-driven student retention and success program at Wabash
- e. Explore dual degree programs and similar collaborations with other institutions, and seek ways to certify this work to maximize the impact

3. Emphasize leadership development in each Wabash Man

- a. Engage alumni to provide internships and mentoring opportunities
- b. Develop affiliations and partnerships to provide students with additional opportunities to work on projects, research, and internships
- c. Redevelop the College's student work program (previously ESH, now WISE) to provide additional support for student engagement
- d. Provide a more intentional faculty and staff mentoring and counseling process

- e. Build leadership development into student engagement, in and out of the classroom
- f. Create additional opportunities for students to engage with Montgomery County
- g. Establish career development as an integral part of the student's four-year experience at the College

4. Enhance the culture of philanthropy

- a. Capitalize on Wabash's historic philanthropic strength and extend unrestricted giving opportunities to a wider range of alumni and friends
- b. Develop a long-term resource development model that will guide Wabash to its bicentennial in 2032
- c. Build partnerships with foundations and endowments to support Wabash's mission

5. Increase the sense of belonging and expand our commitment to inclusive excellence

- a. Expand the diversity of our community (faculty, staff, and student body) and articulate the varied and valuable contributions that enrich the Wabash mission
- b. Continuously examine and improve campus structures and practices that create barriers to inclusion and belonging for some members of our community
- c. Strengthen the culture of inclusivity in which all students, faculty, and staff are supported to succeed in all of their pursuits
- d. Expand community-engaged learning and share cultural and artistic resources to support our local community and expand student belonging

6. Embrace a culture of continuous improvement

- a. Increase net tuition revenue more in line with comparable GLCA schools
- b. Develop a business model that can support the institution over the long term, including an appropriate endowment draw
- c. Develop a campus master plan that improves student housing, eliminates reliance on old, College-owned houses, provides for an effective campus center, retains our intimate setting, and allows for future growth needs

- d. Provide enhanced access to technology and on-line resources to ensure students are appropriately prepared to succeed and that allows faculty to focus more on applying and integrating knowledge

1. Demonstrate and articulate the value of a Wabash Liberal Arts education

a. Lead the conversation on the value of the liberal arts at Wabash College

- i. President Feller presented his vision for Wabash to thrive in the midst of the Enrollment Cliff to the Board of Trustees January Faculty and Staff May and Alumni May
- ii. President Feller was interviewed by Michael Nietzel frequent contributor to *Forbes.com* for an article he published on the Degree Choices website about Wabash's successth in a national ranking of colleges for pay back and long term return on investment
- iii. President Feller delivered keynote address on student demographics at a Wabash organized small college conference on how to best recruit and support new majority students President Feller also participated in a president's panel with the leaders of two other liberal arts colleges April
- iv. President Feller participated in the American Talent Initiative's seminar Focusing Boards on the Right Student Success and Equity Related Challenges April
- v. President Feller participated in a panel presentation at the Economic Club of Indiana December
- vi. In his Inaugural Address President Feller laid out his vision for Wabash to thrive as a financially sustainable liberal arts college where all students feel a strong sense of belonging October
- vii. President Feller discussed his vision for Wabash in interviews with the *Lafayette Journal and Courier* and on the weekly television show *Inside Indiana Business* July
- viii. President Hess participated in a panel presentation on higher education in Indiana at the Economic Club of Indiana luncheon December
- ix. President Hess visited with education reporters at *The Wall Street Journal* and *The New York Times* to discuss the liberal arts and the economic mobility schools like Wabash provide young people March
- x. President Hess and other small private college presidents authored and published a letter on the value of small colleges that are not ranked by *The Wall Street Journal* because of their size
- xi. President Hess and Wabash were featured in *Indiana Minority Business* magazine summer
- xii. Developed and made a presentation to Trustees Faculty and Staff data on economic mobility published in the *New York Times*
- xiii. President Hess made a presentation in liberal arts education for men at Chautauqua summer
- xiv. Meeting of state legislative budget committee on campus and presentation by President Hess summer

- xv. A commitment to a more aggressive media relations strategy led to more than a dozen stories that earned media attention across the country
- xvi. President Hess met with the Indiana delegation in Washington D C
- xvii. Hosted with Steve Ferguson a dinner conversation with state leaders in Indianapolis to talk about Wabash's role in leading Indiana
- xviii. President Hess appearances at target high schools
- xix. President Hess appearances at admissions counselor breakfasts
- xx. Print and video news releases about the conference and the results of the Wabash National Study appeared in hundreds of online media outlets
- xxi. President Hess co-authored op ed with CILA director Charlie Blaich that received significant media exposure Fall
- xxii. Wabash and Center of Inquiry hosted national conference Celebrating the Value of Liberal Arts Education Fall

b. Lead the dialogue on the challenges and opportunities of educating young men

- i. President Feller discussed the demographic challenges facing liberal arts colleges in the Midwest and Northeast and using data articulated a vision for enrolling new majority students who will contribute to and benefit from a Wabash education October December January May June
- ii. Wabash received a series of grants totaling million from Lilly Endowment Inc for Restoring Hope Restoring Trust an effort to recruit retain and graduate low income first generation and students of color March
- iii. President Hess discussed Wabash's strategies for recruiting and retaining young men at a panel presentation at the Economic Club of Indiana luncheon December
- iv. The College applied for and received from the Mellon Foundation a renewal grant to continue a revised version of the WLAIP in
- v. Mellon Foundation grant for Wabash Liberal Arts Immersion Program focuses on the challenges and opportunities of education young men and successful programs have been held in the summers of and
- vi. Hosted Michael Kimmel for sessions with students staff and faculty Spring
- vii. Hosted Wabash Preview Days for entering freshmen and parents Summer and which have been rebranded Wabash and ongoing
- viii. Hosted and presented to the State Budget Committee Summer
- ix. President Hess made a presentation at the Chautauqua Institute Summer
- x. Hosted Gentlemen's Classic and NCAA President Mark Emmert Fall
- xi. Co Authored op ed with HSC President Chris Howard
- xii. Participated in Hampden Sydney College's What Works Conference
- xiii. Created President's Advisory Committee on Men's Education

c. Articulate the value and importance of immersion learning, student-faculty research, scholarship, and creative work, and the strength of career preparation at Wabash

- i Wabash continues to have excellent results in acceptance rates to medical and law schools The College's five year average is for medical school and for law school
- ii Wabash had students participating in student faculty collaborative research in summer more than more working in other college sponsored internships and another working with staff in the Business Immersion and CIBE programs summer
- iii Despite the continuing challenges of COVID of the student body participated in semester long off campus study immersion learning or international internships research experiences in This featured distinct students and student experiences
- iv Professors Erika Sorensen Kamakian and Wally Novak received a grant from the National Science Foundation NSF to work with Wabash students on interdisciplinary research on the impact of protein level control on human development and disease February
- v Resumed international immersion learning trips for Wabash students during the COVID pandemic with two classes touring Italy another class traveling to Kenya an immersion in German language and culture and still others on domestic immersion trips
- vi Wabash was able to work through appropriate public health channels to send students on Study Abroad programs in and in the midst of the COVID pandemic
- vii Achieved a remarkable First Destination Rate for the Class of within six months of graduation for a class that spent its entire senior year in a pandemic November
- viii Wabash established the Stephenson Institute for Classical Liberalism which will provide enormous opportunities for students to collaborate with faculty on research and engage in a wide range of off campus internships October
- ix Approximately students participated in summer student faculty collaborative research
- x Received CARES Act supported grant from the National Endowment for the Humanities to support humanities faculty and enhance faculty diversity Wabash was the only institution under students that was funded by the program
- xi Laura Wysocki and Sara Drury were awarded a nearly grant from the National Science Foundation NSF to study the impact of deliberation on undergraduate STEM education
- xii Achieved a First Destination Rate for the Class of within six months of graduation in spite of the pandemic November
- xiii Achieved a First Destination Rate for the Class of within six months of graduation November
- xiv Achieved an First Destination Rate for the Class of at Commencement and rate within six months of graduation November

- xv Partnered with the City of Crawfordsville to develop the innovative co working space Fusion August
- xvi Secured Giant Steps Campaign gift to endow Immersion Learning opportunities for students per year Fall
- xvii Applied for and received a grant from the Max Kade Foundation to fund the German Immersion Trip Spring and
- xviii Achieved a First Destination Rate for the Class of at the time of graduation achieved a First Destination for the Class of within six months of graduation November
- xix Restructured the staffing in the Schroeder Center for Career Development and the Center for Innovation Business and Entrepreneurship under the leadership of Dean Steven Jones
- xx Expanded geographic diversity of immersion trips e g to Kenya South Africa and Asia
- xxi Promoting Gilman Scholars program to increase off campus studies participation by Pell Grant recipients
- xxii Increased participation in off campus studies through greater management of program selection and using endowed funds
- xxiii Featured Liberal Arts Plus initiatives in Spring issue of *Wabash Magazine*
- xxiv Created web based videos for the Liberal Arts Plus initiatives
- xxv Restructured reporting lines in the Schroeder Center CIBE and WISE programs
- xxvi Created the position of Dean for Professional Development Summer
- xxvii Created a physical space for the International Center
- xxviii Integrated the Dill Scholarship with the off campus studies program Summer

d. Use the Center of Inquiry in the Liberal Arts and Higher Education Data Sharing Consortium to connect assessment data with pedagogical best practices and with student outcomes

- i In HEDS created a set of open sourced surveys for non profits to examine their approaches to COVID By December more than students staff and faculty at dozens of institutions had participated
- ii HEDS assisted Wabash faculty in learning about best practices in developing and using student learning outcomes interviewed students as part of the College s participation in an American Talent Initiative project and was included in two NSF proposals to provide support and assessment
- iii Participated in three HEDS COVID surveys for students faculty and staff as a means to check in on well being of campus constituencies gain feedback on the College s response to COVID and better understand student and faculty experiences with virtual learning Spring

- iv Charlie Blach and Kathy Wise conducted focus groups with Wabash underrepresented minority students to better understand their decision to persist or not persist in STEM disciplines
- v Partnered with HEDS to utilize data from two Campus Climate surveys as well as a First Destination survey
- vi Consult with COI staff to develop assessment plans for Liberal Arts Plus initiatives academic year
- vii A What Works paper is being used by the Teaching and Learning Committee and lessons from it will be shared across academic affairs
- viii Held a national conference Celebrating the Value of Liberal Arts Education with more than participants from across the country

2. Extend the academic and geographic footprint of the College

a. Develop interdisciplinary institutes (e.g., democracy, entrepreneurship, creativity), and create interdisciplinary programs in business, PPE, and digital arts

- i Convened ad hoc committee to review College's approach to development adoption and administration of interdisciplinary programs
- ii Created new minor in Environmental Studies
- iii Fifteen members of the Class of graduated with majors in Philosophy Politics and Economics PPE
- iv Fifteen students used funding from the Stephenson Institute for summer internships on three continents summer
- v Wabash launched the Stephenson Institute for Classical Liberalism a multi disciplinary student centered forum that asks important questions about personal responsibility individual rights freedom of speech and the indispensability of freedom October
- vi Twenty two students served as WDPD Democracy Fellows in Fall students in Fall in in
- vii Created a WDPD Direct Admit Program offering new students public leadership seminars led by business government and non profit leaders students participated in participated in and participated in
- viii Democracy Fellows research design and facilitate deliberative events and conversations that have a broad impact on and off campus
 - a More than people participated in dialogues and deliberations at six off campus and on campus events in
 - b Convened people across events on campus and community events in
 - c Researched designed and facilitated events that reached attendees
 - d In programming organized by the Democracy Fellows reached more than Wabash students including a Freshman Tutorial dialogue

- about men's mental health a Chemistry role playing deliberation about nuclear energy and a Biology deliberation about genetic engineering
- ix A Giant Steps campaign gift from Anne and Tom Walsh established a multi disciplinary major Philosophy Politics and Economics PPE and an endowed professorship was established
- x A Giant Steps campaign gift from Anne and David Shane established a liberal arts focused Computer Science major and an endowed professorship was established
- xi Created a CIBE Direct Admit program for new students enrolling at the College
- xii Rebranded the initiatives WabashX Experiential Learning
- xiii Created a Performance Collaborative space in Fusion to be used by the Digital Arts and Human Values initiative
- xiv Created an Entrepreneur In Residence Program that brings alumni entrepreneurs to campus to present a talk to students and then hold office hours for students to discuss entrepreneurial ideas
- xv The CIBE partners program expanded from students in the academic year to students in students in to students in
- xvi Signed an articulation agreement with DePaul University in Economic Data Assessment that reserves a spot for Wabash graduates each year and allows for two Wabash economics courses to be counted towards the master's program at DePaul
- xvii Developed a partnership with the Indiana University Fairbanks School of Public Health to co teach a course in Epidemiology at Wabash This course is a cornerstone in the newly approved minor in Global Health
- xviii Created a Global Health Speaker Series
- xix Developed a standing Mental Health Concerns Committee comprising students faculty and staff to address issues of mental health and normalize them
- xx Completed work on and off campus by WDPD which has held campus deliberations worked with the State Attorney General's Office and has led deliberations on race and campus climate at the University of Delaware
- xxi Faculty and trustees approved new interdisciplinary minors in Global Health Black Studies Film and Digital Media Neuroscience and Electronic Music
- xxii Created an Electronic Music Ensemble
- xxiii Wabash through the CIBE signed an articulation agreement with two programs at Notre Dame in entrepreneurship and science and patent law This agreement reserves two spots for Wabash graduates each year
- xxiv A Mellon Foundation New President's Grant allowed for the development of the Digital Arts and Human Values initiative which over three years and allowed the departments of theater art and music to experiment with

- non tradition offerings including the development of a maker space and an artist in residence program
- xxv The GHI is moving forward by pursuing relationships with other institutions to expand opportunities for Wabash students expanding the curricular offerings in global health at Wabash and has developed a plan for a Global Health Fellows Program
 - xxvi GHI participant Bilal Jawed interned in Uganda on a research project with alumnus David Boulware
 - xxvii Created an annual Leadership Summit that brings together the Advisory Committees of the Liberal Arts Plus initiatives along with the NAWM Board Class Agents and Parents Advisory Committee during Homecoming Weekend
 - xxviii Established Digital Arts and Human Values initiative received Andrew W Mellon Foundation grant to start program hired the first Presidential Fellow in Digital Arts and Human Values Brett Douville offered spring semester course team taught by Michael Abbott and Mr Douville that took a liberal arts approach to video game design students developed interactive video games and presented Game Night to the campus the Art Department is utilizing the funding on the initiative in for a digital film making course
 - xxix Formalized Global Health Initiative GHI established advisory committee hosted first Global Health Summit November co hosted an international global health conference in Lima summer working on partnership with the Fairbanks School of Public Health at Indiana University
 - xxx Established the Wabash Democracy and Public Discourse initiative established and hosted the advisory committee secured three year start up gift recruited first cohort of Democracy Fellows hosted first Public Discourse Summit October expanded advisory committee working on a long term business plan WDPD students were involved in more than a dozen facilitated discussions on and off campus during the school year
 - xxxi Created Center for Innovation Business and Entrepreneurship hired director established and hosted meetings of the advisory committee hired director Roland Morin worked with city to house the Hays Center recruited first class of student management training fellows expanded advisory committee building sustainability plan partnered with the Fullbridge Program for intensive business education

b. Expand opportunities for students to have immersive learning experiences

- i Secured Giant Steps Campaign gift to endow Immersion Learning opportunities Fall
- ii The Global Health Initiative led development of the CARE team a group of nearly student leaders who supported campus health during COVID GHI also collaborated with the CDC on a mask usage study

- iii students worked in GHI internships locally regionally and internationally in summer
- iv Three Global Health Initiative students participated in a paid off campus internship program Shaping Our Appalachian Region SOAR a nonprofit organization that champions local projects programs and advocacy for counties in Eastern Kentucky Summer and again in
- v The WDPD undertook a year long project with the Montgomery County Health Department to host focus groups and community meetings on the recent county health needs assessment
- vi students worked in GHI internships locally regionally and internationally including with GHI Peru to organize Growing Together and Building Pathways programs that focused on public health topics for children and women
- vii In GHI students worked in the community including at the Mary Ludwig Free Clinic Paramedicine Program Half Way Home Crawfordsville After School Program Recovery Rec Center and Montgomery County Health Department
- viii Continuing work with local non profits to place Wabash men in work study opportunities including the Mary Ludwig Free Clinic Mayor s Office Franciscan Hospital EMT Department and Montgomery County Health Department among others

c. Extend the recruiting pipeline

- i Bouncing back from the pandemic the Enrollment Office re imagined all of its visit and scholarship programs resulting in the second largest entering class Fall in more than a decade Summer
- ii Set a record for the most entering students coming from the state of Texas
- iii Completed articulation agreement with Ivy Tech community college establishing

- xi Established the Snodell Scholars program in greater Chicagoland including staffing a regional recruiter in the area and scholarships for deserving students and ongoing
- xii Improved relationships with college counselors at select feeder schools
- xiii Recruited a first year class of students in Fall against a goal of Fall
- xiv Enhanced and expanded Wabash summer visit days which allowed students to meet with academic advisors and begin registration for fall classes which aided in a lower than usual summer melt Summer
- xv Created the Wabash Promise to provide students and families opportunities to pursue a Wabash education regardless of financial need a new tiered scholarship grid also provided transparency into Wabash's scholarship and financial aid policies cycle
- xvi Established Senior Staff driven Enrollment Working Group to devise and implement strategic recruitment initiatives Summer and ongoing
- xvii Continued to make progress on retention across all classes and ongoing
- xviii Increased international student and transfer student enrollment significantly
- xix Hired the College's first dedicated international recruitment coordinator
- xx Implemented the College's first Customer Response Management system Slate to track students throughout the recruitment process
- xxi Conducted an external audit and assessment of the admissions and financial aid offices
- xxii Enrollment in fall was an all time high over
- xxiii Grew freshman class in fall when the majority of GLCA colleges missed their admissions goals

d. Develop a data-driven student retention and success program at Wabash

- i Working on new programming to support new majority students based on analyses that have found significant increases in graduation rates of student participating in the Wabash Liberal Arts Immersion Program versus stagnant graduation rates of eligible non participating students
- ii Using data to support retention efforts the College created a low cost online summer credit recovery course program for students in danger of falling behind Four courses were offered in Summer and three in Summer with students participating each summer and ongoing
- iii Partnered with the Council of Independent Colleges to create an Online Course Sharing Consortium that allows students to take summer courses in a virtual format using Wabash's financial aid and ongoing
- iv Developed new term report to track College's most important retention student success and academic data
- v Created free half credit virtual courses for new enrolling students to take in the early summer during the pandemic The course COVID and the Liberal

- Arts, enrolled students and limited summer melt. In students completed Justice, Community and the Liberal Arts Lessons in Acting Responsibly and Living Humanely.
- vi Utilizing ongoing analyses of student success, refined Academic Improvement Plan use and assignment. Increased the number of students assigned to the program from semester to approximately semester during the pandemic.
 - vii Developed new modeling to better predict student success, found that high school GPA is four times as great a predictor of first year Wabash retention as SAT score.
 - viii Created a Supplemental Instruction program for peer to peer learning in typically challenging courses. Initial analyses found that more frequent student attendance at SI sessions was related to higher final course grades and ongoing.
 - ix Faculty team attended AACU's Transforming STEM higher education conference as part of College's emphasis on improving student success in introductory STEM courses with a focus on decreasing the DFW rate for Pell and historically underrepresented groups in particular.
 - x Partnering with Admissions, the WDPD has developed a targeted Direct Admit program to increase applications and provide direct entry into the WDPD and ongoing.
 - xi Working with Admissions, the CIBE developed a targeted Direct Admit program to increase applications and provide direct entry into the CIBE. The program takes highly qualified students per freshman class and guides them through a pathway that provides additional training and resources in business and entrepreneurship, along with certifications in specific recognized business practices such as LEAN and Project Management.
 - xii Obtained a grant from Indiana University Health, the first it has given, to expand the WLAIP program from to students and to provide job shadowing experiences and LEAN training for Wabash students and and faculty and staff.
 - xiii Hired the College's first full time Institutional Researcher, e.g., Director of Institutional Effectiveness, Fall. Position continues as Director of Institutional Research and College is hiring a part time Institutional Research Analyst, Fall.
 - xiv Built an institutional research web page to consolidate data collection and dissemination.
 - xv Established an institutional research office.
 - xvi Set an all time freshman to sophomore retention benchmark in Fall.
 - xvii Developed a new Academic Improvement Plan for students.
 - xviii Enacted conversion to credit policy, Fall, refined and revised policy for more effective operation, Spring.

- xix We have developed a process to maintain data on fraternity membership residence leadership and on campus summer internships in the campus database information that will be used to refine the predictive retention model and that can be used to populate a co curricular transcript that is under development
- xx We have dramatically improved our processes for identifying students who have not registered for the next semester so that they can be encouraged to continue at the College
- xxi Along with other GLCA colleges participated in the three year Sherman Fairchild grant funded VALUE rubric project with AAC U Collected samples of student writing for evaluation against a variety of rubrics and recruited faculty to take part in these evaluations
- xxii Improved data sharing with various constituencies with the launch of an Institutional Research website with readily available institutional data also sharing data query tools with department chairs so that they can easily access information on current and past majors as well as their historical course offerings and enrollments
- xxiii Enacted a registration confirmation designed to ensure that students who pre register for classes are actually intending to return to the College Students who did not confirm registration i.e. pay their bills or make arrangements with the Business Office by established deadlines were de registered from their courses until such time as satisfactory arrangements were in place Through administration of this policy the College dramatically improved timely payment of student accounts and enhanced its ability to match student course seating needs with the available resources to meet them
- xxiv Wabash is closely monitoring work study participation for incoming freshmen and engaging faculty to counsel students on how to find WISE employment
- xxv Implemented a co curricular transcript which students can request that documents their participation in verifiable consistent activities at the College outside the regular academic curriculum
- xxvi As a part of the College Transition Collaborative GLCA schools and Stanford researchers Wabash students participate in interventions that have reduced significantly though not completely the academic gap as measured by differences in GPA and retention persistence between minority and majority students
- xxvii Improved statistical modeling of risk results presented at the joint meeting of Academic Affairs and College Life in January calculated probability of four year graduation for all incoming students identified most at risk students for freshman advisors
- xxviii Used a heat map developed with years of admissions and graduation data to inform admissions and financial aid decisions for the Class of
- xxix Secured a grant from the Indiana Commission for Higher Education to develop a summer visit program designed to improve the transition to college

XXX

- ii. Wabash created and placed students in paid internships opportunities in Summer and nine in Summer through the Stephenson Institute for Classical Liberalism ongoing
 - iii. Career Services developed a wide range of virtual industry specific networking events with alumni leaders
 - iv. Career Services staff quickly pivoted at the outset of the pandemic to develop a robust suite of Zoom networking events with alumni virtual internships and online career fairs Spring Summer
 - v. Received a financial pledge to sustain the Entrepreneur Summit for the next five years Spring
 - vi. Re established and hosted the College s Entrepreneur Summit in Spring and
 - vii. Implemented the Fullbridge Wabash program
 - viii. Expanded the Professional Immersion Experiences PIE trips to include San Francisco Denver Los Angeles Washington DC and Chicago in addition to New York
 - ix. Expanded the Liberal Arts Bridges to Business LABB program from to students seven week summer business immersion
 - x. Alumni Student Mentor Network enhanced with the use of the Handshake software
 - xi. Enhanced and expanded four co curricular immersion experiences including the Financial Immersion Program Healthcare Administration Immersion Program Marketing Immersion Program and Sales Immersion Program
 - xii. Expanded the Indiana Business Internship Program from students to students in funded eight week internships
- b. Develop affiliations and partnerships to provide students with additional opportunities to work on projects, research, and internships
- i. Wabash supported the submission of faculty grant proposals to national organizations to fund collaborative research with students
 - ii. Established the Wabash Public Policy Project to create internship opportunities in areas of public policy and government as well as visiting speakers
 - iii. Created the COVID Action Response Team CARE comprising nearly CARE Team Leaders and Care Team Managers in partnership with the Student Health Center Montgomery County Health Department and Global Health Initiative
 - iv. Dedicated and began using Fusion for a variety of events tied to Schroeder Center programming and Liberal Arts Plus initiatives
 - v. Partnering with the City of Crawfordsville in the development of Fusion a new co working space in the heart of downtown which will include an entire floor dedicated for use by Wabash CIBE WDPD and a creative space known as the Performance Collaborative

- vi Earned grant funding from the Ball Brothers Foundation to establish a D Fabrication Center involving the CIBE Chemistry Department and Art Department
 - vii Created the Hays Center for Leadership Development in downtown Crawfordsville with co working space alongside the Chamber of Commerce Main Street and Indiana West Advantage formerly MCED
 - viii CIBE Partners have undertaken consulting projects to address real world problems for the Mayor s Office City of Crawfordsville Controller Crawfordsville EMT Department Crawfordsville Parks Recreation Department Crawfordsville School Corporation and Franciscan Hospital
 - ix Created the CIBE Partners Program for students who have completed LABB which allows the students to partner with local businesses and non profits to work on real world problems and projects
 - x Established the Management Trainee Program MTP through the CIBE see below a week fall semester experience that covers the principles of the summer LABB program
- c. Redevelop the College's student work program (previously ESH, now WISE) to provide additional support for student engagement
- i Revised WISE eligibility so that all Wabash students may work on campus in order to develop professional experience and skills
 - ii Developed supervisor training program that will prepare supervisors of student workers at all levels to perform evaluations of their workers
 - iii Developed policies for students that required approved resumes and LinkedIn profiles prior to seeking employment
 - iv Consolidated WISE Budget management to Assistant Director of Professional Development to manage WISE FWS and DSE allocations across campus
 - v Introduced variable pay for student workers based on level of experience
 - vi Introduced variable pay system for all students based on class year
 - vii Expanded Departmental Student Wage budget to allow students without WISE to gain valuable experiences through practicums in offices such as Enrollment Advancement and Marketing
 - viii Re branded the program WISE Wabash Internships and Student Employment and placed former associate dean of students Will Oprisko as the director of the program
 - ix Restructured reporting lines for the WISE program now aligned with the Schroeder Center and CIBE under Professional Development
 - x Received funding for limited but helpful Federal Work Study and ongoing
 - xi Reduced overall student employment hours and dollars spent Ongoing
 - xii Capped WISE hours for freshman students
 - xiii Continue to expand community WISE positions Ongoing
 - xiv Created WISE fellowships Democracy Fellows CIBE Partners etc

- xv Implemented the online Handshake system job descriptions posting application software

d. Provide a more intentional faculty and staff mentoring and counseling process

- i Clyde Morgan named Assistant Athletics Director for Scholar Athlete Development Will identify programming speakers and activities for Wabash students and work with coaches staff and students on various program initiatives
- ii Piloted Wabash First Year Dialogues for new majority freshman and sophomore students as way to nurture belonging encourage self growth and promote utilization of campus support systems including career services and internships
- iii Summer faculty Advising Workshops on working more effectively with new majority and historically underserved students
- iv Conducted virtual Wabash programs for new students over the summer and
- v A record students participated in the annual LSAT bootcamp to better prepare students for law school admissions success
- vi A working group of faculty and administrative staff used Mellon support to enrich academic advising building a more robust program of advisor training and a web page with advisory resources
- vii Conducted an inventory of mental health and well being resources available to Wabash students faculty and staff increased counseling services available to students enhanced programs and speakers for students secured training for faculty and staff and ongoing
- viii Completely rebuilt the College s onboarding process for new students beginning with improved communications development of an online Road Map summer advising and registration and new orientation program This resulted in lower melt additional advising time with new students and the strongest mid semester grades among first year students in years Spring Fall
- ix Moved the Quantitative Skills Center to Lilly Library with the Writing Center which is under the direction of Dr Zachery Koppelman
- x In students applied for a wide range of fellowship programs including Fulbright Mitchell Marshall Schwarzman and Gilman currently working with two students to apply for the Truman Fellowship in the spring
- xi Continuing to increase student application to competitive fellowship programs and submitted applications to Fulbright in up from eight in
- xii A grant from the Indiana Higher Education Commission supported a three day summer workshop designed to help faculty and staff work more effectively with incoming students and to gain more understanding of the requirements faced by Indiana grant recipients in particular
- xiii Expanded the Writing Center both physically and programmatically

- xiv Added responsibilities for a graduate fellowship advisor to an existing employee's job description
- xv Through the Mellon funded WLAIP students spent a month on campus taking a course and forming relationships with faculty advisors and student support staff
- xvi Senior Associate Dean Todd McDorman met with the entire Academic Affairs staff and the supervisors to formalize the process for using the WIN Report
- xvii Reconfigured the Early Alert System to a Wabash Interaction Network WIN Report system of support for at risk and struggling students

e. Build leadership development into student engagement, in and out of the classroom

- i Chase Breaux named an inaugural Obama Voyager scholarship recipient September
- ii Kenny Coleman and Jeremiah Eaton were named Arthur Ashe Jr Sports Scholars for leadership character and academic performance May
- iii Cooper Smith became the first Wabash student to win a Truman Fellowship since The award identifies aspiring leaders and recognizes and rewards their commitment to careers in public service Spring
- iv Jack Davidson won the Josten's Trophy as the Most Outstanding Men's Basketball Player based on his basketball ability academic prowess and service to the surrounding community March
- v Created the Leadership Education and Development LEAD program to educate and develop student leaders in fraternities and ongoing
- vi Hired additional staff in the Student Life Office to work with students in residential life student activities and supplemental instruction
- vii Created the CARE Team to develop living unit leaders for COVID education planning and response over Wabash students received continuous public health training and helped the College have a fully residential student experience at the peak of the pandemic
- viii Re-established an ROTC program on the Wabash campus in partnership with the US Army and Purdue University and ongoing As of Fall seven students had contracted with Army ROTC or earned three year scholarships
- ix Implemented the Presence app to track all student activities and participation in them and ongoing
- x Integrated rosters for all athletics teams and MXI members into the College wide database to track participation and leadership roles
- xi Provided leadership and direction to the Sphinx Club with the addition of Rich Woods Director of Safety and Security as an advisor Tom Kearns Nick Gray present

- xii Continue to improve utilization and programming of HELP Program Dean s Presidents Council Resident Assistants and Fraternity Officer meetings and other student centered activities
- xiii Collaborate with Wabash Fraternity Advisors to enhance off campus opportunities with national fraternity leadership development programs
- xiv The CIBE and WDPD developed and funded a week long immersion experience led by Jason Bridges The immersion Unlocking Leadership with Emotional Intelligence focuses on developing leadership skills by emphasizing soft skills and EQ measures and ongoing
- xv Developed a Professional Development Series for students that concentrates on building leadership skills via a speaker series through Career Services
- xvi Dean s Presidents Council and the Graduate Fellowship Committee met with General Michelle Johnson a Rhodes Scholar and member of the Rhodes Selection Committee Fall
- xvii Jacob Burnett became Wabash s ninth Rhodes Scholar in
- xviii Established a part time position to advise students in the area of academic fellowships and have increased the number of students interested applications and winners year over year
 - a applications Rhodes Fulbright Gilman USTA TAPIF
 - b applications Gilman Fulbright Cultural Ambassador
 - c applications Fulbright Gilman Bunche Goldwater HM
USTA declined
 - d applications Fulbright Alternate Gilman USTA all
double winners with Fulbright Goldwater HM American Political
Science Assoc Minority Fellow CLS Alternate Boren Alternate
 - e applications Fulbright Alternate Gilman JET TAPIF
USTA Alternates Cultural Ambassador Ambassador Year in China
Creigh Weyer finalists winner declined
 - f Fulbright alternate USTA winners and alternates
Gilman NCAA Postgraduate Scholarship Woodrow Wilson Teaching
Fellowship USTA recipient and Cultural Ambassador selections
 - g Held webinars seven information sessions and individual meetings with
more than students in summer fall while students completed more
than applications during a COVID impacted fall and more explored
opportunities in the spring The backlog in placements and disruptions
of COVID complicated efforts to earn awards and secure placements
 - h applications completed and meetings with over students
Selections included a Truman Scholar TAPIF program participants and
Gilman Scholarships

f. Create additional opportunities for students to engage with Montgomery County

- i WDPD led Visioning Sessions on Workforce Development for the Wabash Heartland Innovation Network

- ii Led by Tyler Watson Wabash students partnered with the Crawfordsville Mayor s Office to conduct community service projects across the city when many social activities had been shut down due to COVID
- iii Wabash participated in the City s way finding planning and signage development
- iv Wabash donated land to the City and worked collaboratively with City leadership to build a downtown walking trail linking Wabash to downtown s Fusion
- v Wabash staff engaged in a comprehensive review and overhaul of the City s zoning ordinances
- vi Wabash staff participated in the planning and execution of the development of Stellar Communities projects including Trailhead Park Pike Place Park Fusion and the Downtown Trail students including WDPD and CIBE members provided feedback and research that helped inform these projects
- vii CIBE and WDPD partner on community engagement activities each year that reach community members
- viii CIBE Videoconference Room is used by local businesses and non profits to conduct training and meetings the City of Crawfordsville also uses the system for state training programs
- ix Wabash staff participated in the development of the City s Comprehensive Plan
- x CIBE grant funding enabled the development of
 - a Voices of Crawfordsville website and initiative with a digital media and creative writing course
 - b After school science clubs at elementary and junior high schools in math and science
 - c Support and mentoring of the Crawfordsville Robotics Club
- xi Developed a grant writing course for which students work with local non profits on grant writing assignments
- xii Host a range of community fund raisers including Dancing with the Stars to benefit the Youth Service Bureau and Dining with the Chefs to benefit the Dr Mary Ludwig Free Clinic and ongoing
- xiii Added a walking tour of downtown Crawfordsville to New Student Orientation
- xiv Brought on Pre Health Advisor Jill Rogers in a full time capacity to facilitate local partnerships with the Global Health Initiative

- xxii Reduced departmental operating budgets by in fiscal and in fiscal
- xxiii Created gapping policy in financial aid awards
- xxiv Eliminated Wabash loans for all incoming domestic freshman students

- c. Develop a campus master plan that improves student housing, eliminates reliance on old, College-owned houses, provides for an effective campus center, retains our intimate setting, and allows for future growth needs

- i Shared with the Board of Trustees schematic designs and fund raising strategy for the construction of a new campus center May
- ii Began renovation of Lambda Chi Alpha Summer
- iii Completed renovation work on Phi Gamma Delta and Theta Delta Chi
- iv Completed a significant study of the College's infrastructure HVAC MEP Data and have begun to upgrade electrical chilled water and steam and other systems and ongoing
- v Hired Shepley Bulfinch to conduct a program review and provide architectural design assistance in the development of a new campus center
- vi Created a Campus Center Planning Committee
- vii Hired Shepley Bulfinch to assist with a comprehensive review of Lilly Library
- viii Established Library Planning Committee to guide the renovation of Lilly Library
- ix Created a proof of concept campus pub Wally's in the Sparks Center
- x Approved Campus Master Plan
- xi Partnered with Sasaki on a Campus Master Planning Process that will guide the College through its 100th anniversary
- xii Razed most College owned houses formerly occupied by students
- xiii Implemented a four year residency requirement for all students
- xiv Acquired the Burkhart Funeral Home and Nazarene Church as part of the College's property acquisition strategy
- xv Worked with Browning Day architects on a new design for the northwest corner of campus at Grant and Wabash avenues
- xvi Dedicated the Ott Residential Life District on the west side of campus Fall
- xvii Formed an Ad Hoc Committee for Fraternity Maintenance and Renovation chaired by Trustee Trey Holland and including members of the Fraternity Advisors Group report to be made at Fall Board meeting
- xviii Formed an Ad Hoc Committee for Campus Life which is chaired by the Dean of Students and will study all aspects of student life where and how they live study eat park and gather Fall work continues in focusing on dining parking spaces and facilities and gateways and pathways
- xix Began the process for redesign and renovation of Martindale Hall final designs were completed in September students moved in in August dedicated October
- xx Completed all planning for the development of a new Ott Residential Life District on the west side of campus that includes three building types and five student living configurations construction of Townhouses was completed in August with Halls and Lodges finished in Dedication was May
- xxi Hired Shepley Bulfinch to partner in developing Residence Life Master Plan which was approved by the Board of Trustees at its meeting in January

d. Provide enhanced access to technology and on-line resources to ensure students are appropriately prepared to succeed and that allows faculty to focus more on applying and integrating knowledge

- i Implemented PyraMed medical records software
- ii Supported by an Indiana State Library grant of almost developed a new dedicated podcast facility in Lilly Library and made technology upgrades to the popular Gaming Lab
- iii Gained access to additional information security tools through a partnership between the I Light the campus s Internet service provider and OmniSOC a security operations center at Indiana University that will reduce cybersecurity threats through proactive threat hunting and consulting services
- iv Following internet and core network upgrades in and campus wireless improvements in a new upgrade to network connections between campus buildings improved bandwidth tenfold boosted performance for local and internet traffic and added a layer of redundancy to core academic and administrative buildings Fall
- v Offered virtual course recovery summer classes to at risk students and ongoing
- vi Further invested in Zoom and Owl technologies to reconfigure classrooms to connect students learning on campus with those in isolation and quarantine with their professors during the entire school year
- vii Under direction of the Healthy Campus Task Force IT developed a COVID symptom monitoring app for daily use by faculty staff and students to help limit the spread of COVID in the Wabash community The app recorded more than daily check ins during the first year IT also automated much of the return testing process created a database to assist with isolation and quarantine monitoring built and managed a COVID web page and developed a COVID campus dashboard
- viii The library has expanded e book and textbook availability and promotion of open resource material to support students and save them money In the calendar year this resulted in books in use in more than courses and saved students nearly
- ix Pivoted in one week to virtual classrooms over spring break using a broad range of technologies to connect students with their professors and each other IT offered more than workshops and training sessions to faculty and staff on topics such as working from home hybrid course design and classroom technology
- x In the first year of the pandemic the College conducted Zoom meetings with Zoom meeting participants for a total of hours spent on Zoom by Wabash students faculty and staff There was also a increase in the number of courses collecting online assignments increase in courses

- using online quizzes and a increase in the number of courses using online discussions
- xi Lilly Library created a comprehensive remote access webpage to allow services as well as access to online books journals videos and music to be available to students
 - xii Switched to online textbook acquisition and ongoing
 - xiii Invested in Information Technology security and infrastructure including dual authentication across all platforms and redundant systems and ongoing
 - xiv Joined eduroam a secure roaming service for wireless network access found at colleges and universities around the world
 - xv Implemented Magnus medical records software
 - xvi Implemented Presence App for student activities and events
 - xvii Implemented of dual authentication processes for improved security and privacy
 - xviii Migrated almost all of the College s primary servers to Cloud based platforms for improved security easier lower cost access and better disaster recovery and business continuity
 - xix Migrated most of the College s functions for onboarding new students to the online New Student Road Map
 - xx Expanded use of Cloud Computing resources such as Box Office etc
 - xxi Established the Educational Technology Center in Lilly Library and hired an Educational Technologist with a background in course management systems
 - xxii Moved the College s long printed Academic Bulletin online which is updated in real time and more user friendly
 - xxiii Developed online registration process for students
 - xxiv Established the College s first 3D Printing Lab to be used across all departments for experiential learning in design development of 3D print projects
 - xxv Integrated Handshake software program for student employment WISE and alumni and employer networking
 - xxvi Experimented with flipped classrooms
