Class of 2003 –

20 years...really!? Has it been that long since we graduated and all were together last on the mall in front of Pioneer Chapel? It's hard to believe we graduated from Wabash 20 years ago. Since then, we've all gone our various ways, started careers, relationships and families, established roots in various parts of the world.

And we'd like to welcome you back to Wabash College for our 20<sup>th</sup> year reunion. We want to hear how you are doing, what you've been up to and to reminisce about our 4 years together as students. [We've created a quick online form](#) so that we can update everyone in a future letter. Expect more information in the coming weeks, but for now, please know we would love to see you and have you return to campus. Bring your loved ones and those closest to you to join in on a weekend of stories and laughter.

For now, just mark your calendar for June 2-4, 2023 and look for additional information soon. Some of you may ask – "should I come for Friday, Saturday and Sunday?" While we hope you do that and there is plenty of events for you to choose from
